fall Greetings

Autumn is a time of happy anticipation. The warm mellow earth invites cultivation, hardy plants need dividing and resetting, new plants become rooted before the ground freezes, and those mysterious brown bulbs must be planted,—all in preparation for the springtime.

Here at Fisher Flower Farm, you will find sturdy field grown perennials, delectable aromatic herbs for your kitchen garden, and a very fine selection of imported Holland bulbs and American grown Narcissus. We are glad to help you with your gardening problems, and can furnish detailed plans and expert labor in building rock gardens and pools, remaking perennial borders, and in laying out new gardens and lawns.

If you will write or telephone we will come to your home for a conference and estimate on landscape planting or garden making. You are very welcome to visit our gardens at Fisher Flower Farm.

TERMS: All prices in this list are f. o. b. Vergennes, Vermont. With parcel post orders please add ten per cent to the value of the order to cover postage. If you are not entirely satisfied please notify us so that we may correct any mistake. Although we are not responsible for cultural conditions after our plants and bulbs are delivered we wish to help in every possible way to make your garden a success.
